Representative Luna:

We are the victims of extended MK Ultra programs. Thank you in advance for your time, dedication and effort put forward with your House Oversight Taskforce Hearing, tentatively scheduled for May 13, 2026. We humbly request that Ana Toledo, [Legal Name] (Gogi Justice), and Derrick Robinson enter personal, live testimony into the hearing record.

Ana Toledo is a representative of TargetedJustice.com, a 501(C)(3) organization fighting for freedom, peace, and restorative justice for targeted individuals. Ana is an attorney representing MK Ultra victims and lobbyist presently living in Washington D.C. addressing the role of human trafficking and its effects on society and the individual.

Gogi Justice is a pillar in the Community, contributing to extensive research and discussion on MK Ultra. Author of, "10 Signs Which Indicate You are a Targeted Individual," Gogi is also a social media influencer and has thousands of social media followers with Substack, Rumble, Tik Tok and YouTube. For over five years, Gogi is host of a live, iconic podcast in the community -- "Gogis After Dinner JAM" (Justice Action Meeting), as well as workshops, events, speaking engagements, letter writing/email campaigns and rallies.

Derrick Robinson is President of PACTS International (PEOPLE AGAINST COVERT TORTURE AND SURVEILLANCE, INTERNATIONAL) a 501 (C)(3), non-profit organization, dedicated to assisting targeted individuals dealing with covert, microwave and directed energy weapon assaults, and organized stalking. His triweekly phone conferences offer guest speakers, educational videos, and therapeutic discussion.

Derrick is currently seeking to organize non-consensual investigated research subjects in local groups nationally for mutual aid, support, and raising awareness.

Gogi and Derrick are *non-consensual investigated research subjects*, physically stalked and remotely harassed. These weapons and tactics active today have their origins in MK Ultra. Today's secret names have changed; weapons and tactics have been refined, but they owe their history to MK Ultra. The community of non-consensual investigative research subjects is in the global millions.

As members for the community of non-consensual investigative research subjects, living in the gray area of secrecy, we, the following, request that Ana Toledo, Gogi Justice, and Derrick Robinson be allowed to testify and help liberate us from our abuses and return our freedoms and civil liberties.

Thank you,
